

## **Environmental Policy**

Giovenco Industries regards environmental management as a fundamental aspect of its quality management system. Giovenco Industries continually reviews, and seeks to improve its ability to meet its responsibilities and expectations of its customers, suppliers, employees and the community.

Giovenco Industries takes environmental factors into consideration in its risk analysis and decision making process. Giovenco Industries has set up a comprehensive set of policies and practices to protect its employees, assets and the environment.

Giovenco Industries is proactively implementing its environmental policy throughout its operations.

Through increasing awareness of these issues and increasing acceptance and support for the policy amongst all employees, Giovenco Industries is confident that its interaction with the environment will be sustainable.
